

Date of Posting: June 10th 2021

Company/Employer: Stantec

Position: Project Manager - Indoor Environments

Position Description:

We are currently seeking a Project Manager for our Markham, Whitby, Mississauga, Waterloo, London or Ottawa office. The successful candidate will be part of Indoor Environments Team, and under the direction of a Team Leader and will be responsible to manage assessment and abatement monitoring projects, related to hazardous materials, mould, indoor air quality, industrial hygiene projects, including the review of technical reports. The individual must be capable of working independently, as well as able to provide mentorship and guidance to the junior Indoor Environments staff.

If you are interested in demonstrating your technical and project management abilities while working on interesting and challenging projects, we'd like to hear from you!
